THE PEOPLE MAKE THE TOWN.  
It isn't the streets nor the buildings  
That are reared 'neath prosperous skies,  
Nor the domes with their splendid gildings  
That we truly revere and prize.  
For houses may fall and their wrecks may strew  
The place 'neath misfortune's frown;  
But a great voice cries, "We will build anew!"  
It's the people that make a town.  
It isn't the plain nor the mountain,  
Nor the ocean that rolls afar,  
Nor the waving field nor the fountain  
That makes us the men we are.  
When the shadows of want and grief expand  
It is then we know the worth  
Of a gentle heart and stalwart hand.  
It's the people that make the earth.

THE Drake Investigating Committee of the Ohio Senate has decided to discontinue its sittings until such time as its legal status shall be fixed by Court decisions; in short, until it finds out whether it is a Drake, or a Duck, or simply a Goose.

VENEZUELA, a little country down in the top corner of South America about the size of a six-year-old shirt-tail, appears to be itching for a fight with Uncle Sam. Well, when the itch gets good and ripe, Uncle Sam will put a mustard poultice on the seat of Government down there and draw its brains out.

THE Prison Commissioners of Kentucky are shaking hands with themselves over the fact that they have just farmed out 650 convicts for a term of four years at 85 cents per man per day. These convicts are to be employed by a big shoe manufacturing concern, thus coming in direct competition with skilled mechanics. What the shoemakers and other honest workmen think of the deal remains to be answered at the polls when another Legislature is to be elected. The proper place to work convicts is on the public highways. Then the people of the whole state will receive some benefit; to "lease" them to private firms engaged in manufacturing, is gross injustice to the workmen whose trade is affected. Let us have a Legislature with sense enough and nerve enough to pass a law putting the convicts at work on the public roads.

SOCIALISM does not seem to be particularly fortunate in the enemies that it makes. It strikes at religion, at the institution of marriage, at the right of private property. And at every blow it makes new enemies. Its appeal to one of the lowest human passions, envy, is a political asset of considerable practical value, but the opposition that it is called upon to overcome seems overwhelmingly bulky in comparison.

A CONGRESSIONAL Committee is considering a proposition to change the design of the small bronze cent now in circulation in the United States. The present design was adopted by Congress in 1864, and the plan now under consideration looks to the use of a new metal, either pure nickel or aluminum to take the place of that now in use, which is 95% copper and 5% zinc. Not only is there a contemplated change in the design of the cent, but this is only the outcome of an agitation in favor of a new design for United States coins of all denominations. Some numismatists claim that never in the history of the country has it been represented by a less artistic set of coins than now. Since 1793, when the first cent was issued at the Mint, down to the present day, there has been no less than 1,000 different master dies for the cent, and this despite the fact that in the last 43 years there has been no alteration in the design. There was not a really handsome head worn by any cent issued after 1809, each succeeding year bringing forth a more indifferent design than its predecessor. The first pattern cent struck in copper was issued in 1792, when the Mint turned out a few pattern coins before commencing the regular coinage. Pattern cents have been made by the Mint nearly every year, but the coinage of these has been rarely authorized. Of recent years very few pattern cent dies have been made, though quite a number of cents were struck at the Mints from the regular dies in various metals other than those ordinarily used.

**MINERVA COLLEGE**  
Will Appropriately Observe Its Fiftieth Anniversary This Week

The town of Minerva was incorporated January 31st, 1844, and laid off in the form of a rectangle, one-half mile in width and one mile in length, the Dover and Minerva Turnpike and the Maysville and Augusta Turnpike intersecting at a point which is the center of this triangle.

The Minerva Seminary was incorporated March 10th, 1856, and February 15th, 1858, the name of this literary institution was changed to "Minerva Male and Female College." The original Trustees, Dr. W. H. Robertson, Samuel Forman, Thomas C. Newcomb, James S. Pepper, A. A. Winter and Samuel Frazee, have long since gone to their reward, but the work they left behind them still shines and prospers in their native village, and is a light to all the country around. The present Trustees of this good school are Thomas A. Robertson, Dr. S. E. Politt, Dr. J. A. Reed, W. T. King, R. N. Brooks and Walter Worthington.

From 1856 to 1906 is a long flight of years, and the Fiftieth Anniversary of Minerva College will be appropriately celebrated in Minerva next Friday, May 11th.

At 3:30 p. m. Rev. P. A. Cave will deliver an address memorializing James M. Hieatt and his good wife, who devised to the College all that they saved and made for the purpose of enabling the humblest child in that community to obtain what was denied to them, a good education.

At 4:30 p. m. to 6 p. m. there will be given a banquet in honor of the pupils who attended the first session fifty-six years ago. Hon. Clarence L. Salles of this city will be the Toastmaster.

Commencing at 7:30 p. m. the regular Commencement will be held, at which time the audience will sing "My Old Kentucky Home," led by Mrs. Alice Boyd, followed by a piano solo by Mrs. Alice Boyd, who was the pianist at the dedication of the College fifty years ago. Hon. M. J. Hennessy of Augusta will present the promotion Certificates to the pupils. The exercises of the evening will close with an address by Colonel George W. Bain of Lexington, on the subject, "Among the Masses; or, Traits of Character."

Prof. E. L. Gillis is rounding out his fifth year in charge of this College, and under him the school has prospered more than ever, and the Trustees and patrons are so well satisfied with his administration that they hope to continue him in charge.

The Hieatt Fund, amounting to over \$11,000, is supplemented by the pro rata of the Common School money and by local assessment, which enables this village to have a first-class school each year.

That Minerva is a healthy village is fully proven by the fact that of one hundred pupils who attended the first session of the College

Robinson's street parade yesterday was the  
best that has been seen in this city for years.  
The performance in the four rings in the after-  
noon was excellent and gave general satisfaction  
to the five thousand people who witnessed it.  
The only trouble was that there was so much  
going on at one time that it would have required  
five eyes to have taken it all in. There was a  
very large crowd present at the night exhibition  
and the show throughout was all that could be  
desired. It was a busy day for the streetcar  
people, but the big crowd was handled with  
skill and without an accident.

Mr. George M. Clinger died this morning at  
2:20 o'clock as a result of an injury received

O. engine near his home in the Fifth Ward.

He was born in this city August 4th, 1842,  
and here he had resided the greater part of his  
life.

He was an excellent citizen, a good neighbor,  
an exemplary husband, an affectionate and in-  
dulgent parent.

Surviving are the wife and ten children—John  
W. of Ashland, Mrs. Simon Crowell, Mrs. George  
W. Pollitt, Mrs. Preston D. Wells, Misses Nora  
and Gertrude and Charles Clinger of this city;

Mississippi river disaster, which snuffed out the

Southern prisons on April 25th, 1865.

The funeral will be under the auspices of  
Ringgold Lodge, I. O. O. F., and will take place  
from the home in East Second street at 2 o'clock

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One  
of Thousands of Cures made by Lydia  
E. Pinkham's Vegetable Compound.

How many women realize that  
it is not the plan of nature that women  
should suffer so severely.

Thousands of American women, how-  
ever, have found relief from all monthly  
suffering by taking Lydia E. Pinkham's  
Vegetable Compound, as it is the most  
thorough female regulator known to  
medical science. It cures the condition  
which causes so much discomfort and  
robs these periods of their terrors.

Miss Irene Crosby, of 313 Charlton  
Street, East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound  
is a true friend to woman. It has been of  
great benefit to me, curing me of irregular  
and painful periods when everything else had  
failed, and I gladly recommend it to other  
suffering women."

Women who are troubled with pain-  
ful or irregular periods, backache,  
bloating (or flatulence), displacement  
of organs, inflammation or ulceration,  
that "bearing-down" feeling, dizzi-  
ness, faintness, indigestion, nervous  
prostration or the blues, should take  
immediate action to ward off the seri-  
ous consequences, and be restored to  
perfect health and strength by taking  
Lydia E. Pinkham's Vegetable Com-  
pound, and then write to Mrs. Pink-  
ham, Lynn, Mass., for further free ad-  
vice. She is daughter-in-law of Lydia  
E. Pinkham and for twenty-five years  
has been advising women free of  
charge. Thousands have been cured  
by so doing.

GOOD NEWS

FOR YOU!

We have vehicle news for you that is too good to keep.  
You know all material is higher than ever before and still  
climbing. Perhaps you think this will make our prices too high  
for you.

You are mistaken.  
We bought at the old prices, and will sell accordingly.  
These prices indicate what our vehicles are worth to us only. You  
will find them worth much more to you. Our stock is larger and  
more varied than ever.

What's your need or fancy? We have it at a price you are  
used to, and quality that you are not used to for the money. Your  
dollar will stretch like rubber, doing extra duty on a vehicle pur-  
chased from us. Now is the time, when the stock is new and full,  
to drop in and look around before the best things have been picked  
out by the early bird. You'll get a lot of beneficial information.  
Even if you are not in need of anything, you are just as cordially  
invited and will receive the same painstaking attention.  
Come in.

learn that there is at least one dreaded disease that  
science has been able to cure in all its stages, and  
that is Catarrh. Hall's Catarrh Cure is the only  
positive cure now known to the medical fraternity.  
Catarrh being a constitutional disease, requires a  
constitutional treatment. Hall's Catarrh Cure is  
taken internally, acting directly upon the blood  
and mucous surfaces of the system, thereby de-  
stroying the foundation of the disease, and giving  
the patient strength by building up the constitu-

proprietors have so much faith in its curative  
powers that they offer One Hundred Dollars for

Miss Leona Ryan came down from Portsmouth Saturday and will spend the summer with her uncle, Mr. Rice Riggen, near Plumville.

The Commander of Croxton Post returned Saturday p. m. from Mower Park, where the regular monthly meeting was held. He brings glowing reports of the exquisite perfume that permeates the Park and surrounding country from the acres of crab-apple trees thereabout, which reminds one that one of the most delightful features of life in the country near the woods these lovely May days is the wealth of sweet odors from blooming things. Trees, shrubs and groundings all are mutually offering their sweet incense of fragrance and beauty. A peculiarity that one notices and wonders at is that the least valuable as to fruit of these wild things, the more fragrant and beautiful are their blooms. The blackhaw has a fine, close, white bloom, rivaling the snowball in beauty and much more fragrant. The hawthorne, commonly called hoghaw, has a very sweet scented and beautiful bloom. Among the groundings are the May apple, with its saucer-like bloom, fragrant as nectar, the stately trilliums, the lowly buttercup with the damp fragrance of the wild wood. Nearby are the ferns, which, though lacking in fragrance, have grace and beauty par excellence. Leading all the rest, however, in both fragrance and beauty is the common wild crab-apple. These acquainted with the hard, yellow and extremely acid fruit of this shrub tree can very well believe it may have been the "apple of discord," but the bloom—the beautiful, compact, finely-tinted bloom that permeates the surrounding space with a most delicious fragrance, dainty and sweet beyond compare—is surely a fitting gift "for the fairest."

Details of how "dummy" Directors were used in affecting the consolidation of five companies into the Continental Securities Company have been given in sworn statements by the men who acted at the meeting. The Directors were brought to Lexington from St. Louis, all expenses paid and given a banquet besides in return for serving as Directors of the Southern Mutual Investment Company for four minutes.

E. A. Robinson & Co. have a unique way of advertising their special brands of cigars. It is about the size and, at a distance, has the appearance of a \$20 gold piece. The other day a well-known citizen in alighting from a car spied half-hidden in the dust a bright object and took it to be a gold coin. He waited for the car to start, then glancing furtively around to see that no one was watching his movements, he stooped down and gathered it in and put it into his pocket without examining it. Later on he felt like kicking himself for being such a dupe.

Ears Looked as if They Would Drop Off—Body Entirely Covered—Face Mass of Sores—Three Doctors Could Not Cure—Child Grew Worse—Face and Body Now Clear

**CURED BY CUTICURA  
IN TWO WEEKS FOR 75c.**

Mrs. George J. Steese, of 701 Coburn St., Akron, Ohio, tells in the following letter of another of those remarkable cures of torturing, disfiguring skin humors daily made by Cuticura Soap, assisted by Cuticura Ointment, after physicians, and all else had failed: "I feel it my duty to parents of other poor suffering babies to tell you what Cuticura has done for my little daughter.

She broke out all over her body with a humor, and we used everything recommended, but without results. I called in three doctors, they all claimed they could help her, but she continued to grow worse. Her body was a mass of sores, and her little face was being eaten away; her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of Soap and box of Ointment the sores had all healed, and my little one's face and body were as clear as a new-born babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents, which is all it cost us to cure our baby, after spending many dollars on doctors and medicines without any benefit whatever."

Complete External and Internal Treatment for every Humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (In form of Chocolate Coated Pills, 25c. per vial of 50), may be had of all druggists. A single set often cures the most distressing cases, when all other remedies, and even the best physicians fail. **CONFIRMED PROOF.**

**Residents of Maysville Cannot Doubt What Has Been Twice Proved.**

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Maysville, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Maysville's kidney sufferers.

A. W. McClanahan, of A. W. & B. P. McClanahan, grocers, at 121 Second street, Maysville, Ky., says:

"I can indorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Maysville people that this medicine had cured me of severe kidney trouble and backache that had bothered me more or less for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills today than I did in that testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to anyone who may inquire. I got the remedy at J. Jas. Wood & Son's Drugstore."
